

COMMUNITY DIRECTOR UPDATE

JUNE 1, 2026

COMMUNITY NEWS

TriCommand Has a New Community Director!

We are excited to welcome Jennifer McCorvey as the new Community Director for TriCommand Family Housing. Jennifer brings both personal connection and professional expertise, having grown up in a military family and spent time living on Air Force bases.

With a background in hospitality and experience in service-focused roles, she transitioned into property management, where she found her passion for combining service, organization, and community building. Jennifer also holds a Bachelor's Degree in Accounting with a minor in Finance, supporting her strong leadership and operational skills.

Please join us in welcoming Jennifer to the TriCommand team!

Recreational Vehicles and Other Vehicles

To help create our community, neat and easy for everyone to enjoy, recreational vehicles such as campers, trailers, boats, golf carts, ATVs, dirt bikes, mopeds, UTVs, and similar vehicles may not be parked outside the home unless written approval has been provided. These vehicles may be stored inside a closed garage. Temporary parking is allowed only for active loading or unloading up to 24 hours and must be in your driveway or directly in front of or behind your home, without blocking any other driveway. Please note that plugging RVs into property outlets or draining tanks on the property is not allowed without prior written approval. The use of certain motorized recreational vehicles within the community is also prohibited. Thank you for helping us keep the neighborhood welcoming and well-maintained for all residents.

MAINTENANCE TIPS

Prevent Toilet Troubles!

To help keep your plumbing in top shape, remember: only flush toilet paper. Even items labeled "flushable" — like wipes — can build up in pipes and lead to serious clogs. Paper towels, feminine hygiene products, cotton swabs, and other non-flushables should always go in the trash.

A toilet that runs continuously or flushes slowly might seem like a small issue, but it can waste gallons of water and signal a bigger problem. If you notice anything unusual, submit a maintenance request right away. Acting early helps prevent costly repairs and conserves water — a win for the environment!

Let's work together to keep our community plumbing flowing smoothly!

Ashepoo Shores		Recycling - Every Other Tuesday			Trash
Freedom Sound		Recycling - Every Other Tuesday			Trash

GOOD NEWS STORIES

May Move-In Special Winner Announced!

We love celebrating our residents, especially when great opportunities come together! This May, Sgt. Goff took advantage of our May move-in special and walked away with an exciting surprise: a brand-new washer and dryer, compliments of Lowe's.

Sgt. Goff recently moved into the community and was selected as our special giveaway winner, making the start of his new home even more memorable. We're thrilled to partner with Lowe's to provide practical, high-value incentives that help make moving a little easier, and a lot more exciting, for our residents.

And the good news doesn't stop there!

All May move-ins are eligible to receive 20% off a washer and dryer purchase at Lowe's, giving even more residents the opportunity to upgrade their home with quality appliances at a great value.

Congratulations again to Sgt. Goff, and welcome home! We look forward to continuing to support our residents with meaningful perks and partnerships all year long.

If you have already contacted our local Management and Housing office team and are not satisfied with the outcome, or if you have words of praise to share, we encourage you to reach out to our senior management.
